ABOUT ME

I am a dedicated ReactJS Web Developer with a strong passion for building modern, responsive web applications.

My expertise lies in front-end development, continuously seeking opportunities to deepen my knowledge and refine my skills in web development.

Though my direct experience may be limited in some areas, I offer a solid foundation of transferable skills, a strong growth mindset, and a genuine passion for continuous learning and development.

WORK EXPERIENCE

MWeeb Information Technology Inc. l Mandaluyong City

Front-end Developer   June 2024 - February 2025

- Developed the project management dashboard to its completion in addition to fixing related bugs and performance issues
- Developed the accounting system further by adding new features and fixing bugs

Front-end Developer (Intern)   March 2024 - May 2024

- Documented the company's system for improved efficiency and future reference, and suggested additions that improve it further
- Assisted in developing client's accounting management system
- Communicated with the project manager to closely develop a project management dashboard within the client's accounting system
